The all-rounder

Weissburgunder, and Chardonnay. Somebody got all dressed up for you: sophisticated and delightful with the freshness and the depth of Burgundy varietals. Sensual sweetness lingers on, for sure, in the nose and on the palate – and in the memory. There she calls you to taste her charms anytime.

From the lime-rich hills around Rust come the selected grapes for the fine Beerenauslese.

For cuisine the Beerenauslese is a real allrounder: a many-faceted wine for cheese, the perfect partner for blood sausage and patés, a calming influence for chili con carne or Szegediner Gulyàs.

What else is good with it? Improvising on the piano, sing-a-longs, poems and stories to share, or just for pure enjoyment.
