

Muskateller 2021

#no filter #purearoma

13 % vol.alc.

0 g/l RS

5,8 g/l TA

Grown in Vogelsang vineyard on loamy sands with grey and pink quartz.

GREETINGS FROM PAPAGENO

Returning from his apprenticeship abroad, Georg Schröck brought the idea to ferment our muscatel with its skins. So we let it absorb the grape skin aroma for 5 days, maturation following in big acacia barrels for 9 months.

Happy-go-lucky and swirling light on his feet – that's how he enters, not needing formalities to make an introduction. He simply captures you with his charms. Finely aromatic with vanilla, lemon, herbs and blossoms – a fragrant bouquet including chamomille, linden blossoms, melissa and mint. As summer aperitif he takes you to a garden or beach party, whereby he is also romantically inclined to ask you for a dance. And because we cannot live from hot love alone, there is also the lightness of cool cuisine: Fresh goat cheese, wild herb salad or gazpacho.
