Lion's strength for every day

Our red „house wine.“ is as strong as a lion. It is made of 85% Blaufränkisch and 15% St. Laurent grapes – the red wine varieties of Burgenland, our beloved home.

The lion's head made of ceramic for our front door at the Rathausplatz (Town Hall square) in Rust was manufactured in the city of Pécs in southern Hungary in 1860.

The “Young Lions” are a house wine in the best sense of the term: a wine for every day, fresh and uncomplicated. It is the preferred companion to plain fare and goes with many dishes. I can recommend the Szegedin Goulash, a recipe from my mother Elfriede Schröck, a terrific cook.
